Some thoughts from a neighbor about CHEMICAL PROGRESS WEEK

All this week you'll be hearing a lot about the wonders of chemistry. This is Chemical Progress Week. America's chemical firms want to tell you how chemistry helps you live better.

At Shell Chemical, we regard this special week as a sincere tribute to every person who works in the industry. And more especially to every person who works with us at the Torrance synthetic rubber plant.

The quality of our products comes from our employees—the people who actually turn raw materials into products we can be proud of. We can never forget our dependence on these people. Nor, on the other side of the coin, our responsibility to them.

This responsibility not only means being a good employer, but also a good neighbor in the community, pitching in to make it a better place for all of us.
